FULLERTON  
FINED \$100Big Bond in Galbraith  
Will Case—Murder  
Trial, Etc.

James E. Fullerton, convicted of gross cheat, was sentenced by Judge De Bolt to pay a fine of \$100 and costs taxed at \$4.20, and to stand committed to jail until fine and costs were paid. Attorney Davis excepted to the sentence and at his request the court fixed defendant's bail at \$200. Prior to the sentence, Davis had moved to set aside the verdict, arrest judgment, etc., but all the motions were denied. He also asked for a construction of the verdict, as to its validity, and Judge De Bolt held it valid. The merciful clause of the verdict was a request that the defendant be punished by fine and not imprisonment.

## THE MURDER TRIAL.

The Tandra murder trial before Judge Robinson will probably take two or three days more. A night session was held yesterday. In this case the jury was empaneled under the new law curtailing the examination of jurors, Mr. Cathcart for the defendant saving an exception on its validity.

## LINDSAY'S COMMISSION.

Judge Alexander Lindsay, Junior, received his commission from President Roosevelt by the Sierra's mail. It is dated March 3, 1905, making the recipient Second Judge of the Circuit Court of the First Judicial Circuit for four years from date.

## PROBATE MATTERS.

The will of Judge Galbraith was admitted to probate by Judge Robinson, with letters testamentary to issue to W. O. Smith and Cecil Brown, the executors named in the will, upon their filing an approved bond in the sum of \$165,000.

Mary K. Kahalepuna's first account as guardian of the minors Keala and Kalu was approved, all costs being remitted, by Judge Robinson. Out of receipts of \$326.27 a balance to the minors of \$25.99 was saved.

Lam Tai, guardian of Lum Choy, alias Lum Chew Toon, a minor, has filed an inventory showing the estate to have a value of \$2941.83.

## COURT NOTES.

Highton and Dunne for plaintiff, in the suit of James Love against James Love Jr. and others, are moving for a new submission of the demurrer, as Judge Gear left the Territory and concluded his term of office without giving a decision after hearing the argument. The motion is before Judge Lindsay.

Judge Robinson resumes the hearing of the Maage divorce case at 10 o'clock this morning.

A. de S. Canavarro was granted a divorce from his wife by Judge Robinson, the cause being desertion.

HAD LUAU AND  
HULA AT HOTEL

One of the most unique entertainments given by a Honolulu hotel for the entertainment of tourists was that at the Royal Hawaiian Hotel last evening when a Hawaiian luau was given in the dining rooms, followed by a fine exhibition of old-time hula dancing. The evening's enjoyment was concluded with general dancing, for which Solomon's Glee Club furnished music a la Hawaiian.

Arrangements had been made by Manager Church to seat about 125 guests. The tables were prettily arranged, Hawaiian in decorations and foods, except that knives and forks were permitted. There was pig, hot from the imu; fish in ti leaves cooked underground, and all manner of shell fish, relishes, poi, dried fish, opihis, etc. Each guest wore a lei. Flashlight pictures were taken by Rice & Perkins while the guests were seated at the tables.

When the luau was over, the tables were removed and all turned their chairs toward the raised platform at the mauka end of the hall, upon which presently came half a dozen Hawaiian girls wearing short skirts with full blouses of yellow, wearing anklets and leis upon their heads. The gourd beaters followed, and then to the rhythmic monotonous tom-tom of the gourd the girls gave the famed royal hulas. These were very unlike the hulas seen at the expositions. The entertainment was pronounced by townpeople, and especially by visitors, to be of exceptional merit.

Passengers from the Mongolia, on hearing of the proposed luau and dance, moved en masse upon the festive boards, and, although this crowded the tables, all were accommodated.

## Gymnasium Entertainment.

The Hawaiian Woman's Club will give an entertainment consisting of a farce—"No Cure, No Pay," and music at the Kamehameha Manual gymnasium, on Saturday evening, March 25, at eight o'clock.

Object—to raise money to help support a district nurse in this city. Tickets on sale, beginning Monday, March 20, at Chambers' Drug store, corner Fort and King streets.

ALL WENT  
TO COOPERHe Had a Monopoly of  
the Practice in  
Iwilei.

"All the women of Iwilei had the impression that Dr. Cooper was the government physician, and that they had to be examined by him," said Editor Shiozawa, of the Hawaii Shimpu, at the meeting of the McCandless Iwilei special committee yesterday afternoon. Shiozawa, in fact, was the star witness of the day. That is, his testimony gave the committeemen the most promising line for profit that has been opened so far. "I stated in my paper that Dr. Cooper was not the government physician," went on the Japanese editor, "but they did not believe me. All of the circumstances tended to the creation of this impression in their minds. In the first place, Dr. Cooper was appointed inspector of Iwilei. That appointment was afterwards revoked, but the women did not understand the revocation. Then, they had been in the habit, in the old days, of going to the office of the Board of Health for examination. Well, under the new order they said that the Board of Health had established a branch office on the ground for their convenience and they went to Dr. Cooper. To strengthen this impression was the fact that Dr. Cooper was a member of the Board of Health, giving him official status."

The women did not complain particularly of the price charged them, but, thought, as many women also came for examination from the outside districts, the rate should be lower. I was told by the Japanese headman down there that the income from this source was about \$800 a month.

"Yes, High Sheriff Henry told me that the women could go to any doctor they pleased, and some Japanese doctors made inquiry about it, but none of them cared to go there and compete with the government physician."

Ex-High Sheriff Arthur Brown was the first witness of the day, and told how some clients of his had been ordered by the police department to move to Iwilei. That is, they had been told that they would be raided if they did not get out of the down-town quarter.

Officer Paul Smith, in charge of Iwilei, said that High Sheriff Henry had told him the women were to move into the side of the corral where they now are, but had afterwards revoked that order, saying that he had only acted until the Legislature should take up the matter. He believed that the rents down there were collected by the Japanese boss, Asole, but was not sure who owned the property. He thought it was under lease. The women on one side paid \$6 per month for rooms, and on the other \$2.50.

No other doctor but Cooper had asked the right to practice down there. He had no power to grant any such right. But he would recognize a certificate from any reputable physician licensed to practice in this Territory. He had never received any order to recognize any other doctor. He had never seen any other certificates save those of Cooper, but the women would be free to go to any other physician they chose. He did not believe the police could handle the women if they were scattered throughout the city. He supposed it would be a discrimination against property owners if they were not allowed the same chance to rent their places as other men in a district given over, as Iwilei was, to one class of people.

## Throat Coughs

A tickling in the throat; hoarseness at times; a deep breath irritates it;—these are features of a throat cough. They're very deceptive and a cough mixture won't cure them. You want something that will heal the inflamed membranes, enrich the blood and tone up the system.

## Scott's Emulsion

is just such a remedy. It has wonderful healing and nourishing power. Removes the cause of the cough and the whole system is given new strength and vigor.

VETO WILL  
BE ABSOLUTESenator Achi Finds New  
Danger to County  
Government.

Chairman Achi of the Senate Judiciary Committee is of the opinion that the amendments to the Organic Act passed at the last session of Congress, make the probability of county government more remote than even under the old law in that, according to the chairman, the Legislature cannot pass any county act over a possible veto of the Governor.

In the Senate yesterday morning Achi presented the following report:

Hon. D. P. R. Isenberg, President of the Senate:

Sir: Your Judiciary Committee, to whom the letter from Hon. A. L. C. Atkinson, Secretary of the Territory, dated March 20th, 1905, relating to an amendment to certain sections of the Organic Act was referred, respectfully report:

The first copy of the proposed amendments was introduced by the Delegate in the House of Representatives February 1, 1905.

On February 6, 1905, the bill was reported with amendments, whether the bill as amended was passed or not is not known by this time; but it is believed that the amendment is passed.

The said amendment contains the following after the Section 56 of the Organic Act:

"And all officials thereof shall be appointed or elected, as the case may be, in such manner as shall be provided by the Governor and Legislature of the Territory."

If the above amendment is passed it would amount to this, that the Legislature has no more right to override the veto of the Governor in regard to either county, municipal or township bill.

Respectfully submitted,  
(Signed) W. C. ACHI,  
March 24, 1905. Chairman.

This report was signed only by the Chairman of the Committee, Dickey and Lane failing to concur.

## DON'T EXPERIMENT.

YOU WILL MAKE NO MISTAKE IF  
YOU FOLLOW THIS HONOLULU  
CITIZEN'S ADVICE.

Never neglect your health.

If you have pain in the back, urinary disorders, dizziness and nervousness. It's time to act and no time to experiment. These are all symptoms of kidney trouble and you should use a remedy which is known to cure those troubles safely and surely.

Doan's Backache Kidney Pills is that remedy, and if you wish to be cured of kidney disease without experimenting, do not fail to use it. Others have been cured and cured permanently. Why not follow the advice of a Honolulu citizen and be cured yourself?

J. D. Conn, of this city, is a carpenter by trade, and is employed at the Oahu railroad. "I was troubled," says Mr. Conn, "with an aching back. The attacks occurred periodically for years, and especially if I happened to catch cold. There was also other symptoms which plainly showed that my kidneys were out of order. A short time ago, I heard about Doan's Backache Kidney Pills and the wonderful things they were doing."

"Proceeding, then, to Hollister & Co's drug store, I obtained some of these. Since taking these pills there is a great improvement in me. I always keep some of the pills on hand now so as to be provided for any emergency. I feel sure if anyone troubled as I was should give Doan's Backache Kidney Pills a fair trial they will not fail to be benefited by them."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

## Generosity of Bishop Estate.

Editor Advertiser: The Bishop Estate trustees authorize the statement that they will waive all claim to lands along the Manoa pali boundary which lies within the proposed Tantalus park reservation as shown on the map published in yesterday's Advertiser, provided the whole area is set aside for park purposes and that if necessary they will give a quit claim deed to this very desirable portion of the park thus settling an otherwise disputed boundary.

WM. ALANSON BRYAN,  
Pres. Research Club.

## Lands for Natives.

The homestead leases, other than right to purchase, in the land law are for 999 years. They are intended especially for the benefit of native Hawaiians, the holders being as good as owners save that they cannot alienate their holdings.

A price, in the form of rental in two or three payments, is put upon the lands which is low enough to make the allotments all but free. Lands devoted to such leaseholders are usually taro lands, or suitable for taro-raising, and thus adapted to the native agriculture.
